STORE DAMAGED BY FIRE, WATER

UPPER SANDUSKY May 28.—Smoke and water did several hundred dollars worth of damage to the George W. Frost grocery store here Monday morning. The fire believed to have been caused by spontaneous combustion, apparently broke out in a box of coffee in a back store room of the building.

It was discovered by Miss Mrs. S. W. Frost, who occupies an apartment above the store and who was awakened by smoke. She ran into her room, saw the fire and called for help. The firemen arrived in ten minutes and put out the fire. The damage was estimated at \$500. The store is now closed.

TIRE REPAIRS

That little cut or bruise might cause a disastrous blowout on a long trip (Hill) can fix it in 15 minutes—so well you'll have to look twice to find it—a job that will add many extra miles to the life of your tire.

BATTERIES

Nothing spoils a trip quicker than battery trouble—let (Jel) give yours a free inspection. He'll scrape off the green rot that shorts connections—scrub it with soap and water—tighten the cables—fill it with distilled water—NO CHARGE—unless it needs charging.

LUBRICATION

You'll need a real lubrication job and oil change if you're going to travel fast. (Pete) uses as many as 11 different lubricants on every job—the proper kind for each place—and he makes it come through every time—to be sure of getting out the birds.

SEE FAMOUS DETECTIVE'S EVIDENCE

Here's something that shows how Goodyear makes sure you'll always get good service and good value. Goodyear put Inspector (Hill) on the trail of our "G-3" tire—to find out how good it is. He trailed motorists 7,000 miles—investigated thousands of tires—piled up a mountain of evidence that proves "G-3" gives 45% longer non-skid mileage—or better. Let us show you facts gathered by this famous man-hunter—while the boys are going over your car.
